

Let her go - Passenger grupp 2

Well you only need the light when it's burning low
 Only miss the sun when it starts to snow
 Only know you love her when you let her go
 Only know you've been high when you're feeling low
 Only hate the road when you're missin home
 Only know you love her when you've let her go
 And you let her go

[Instrumental]

Bm G A F#m Bm G A

[Verse 1]

Staring at the bottom of your glass
 Hoping one day you will make a dream last
 The dreams come slow and they go so fast
 You see her when you close your eyes
 Maybe one day you will understand why
 Everything you touch surely dies

[Chorus]

But you only need the light when it's burning low
 Only miss the sun when it starts to snow
 Only know you love her when you let her go
 Only know you've been high when you're feeling low
 Only hate the road when you're missin home
 Only know you love her when you've let her go
